

Circular 312: proposed workshop on Structural Design requirements

Date: March 27, 2019

Dear Customer,

Dubai Development Authority, Structural department propose to conduct a workshop (exact date will be announced later) on Structural design requirements. The aim of the workshop is to improve the review performance and to remove constrains/conflicts between consultants/contractors and Dubai Development Authority (DDA), which will enhance your experience with DDA and avoid any unnecessary delay, by answering your technical queries and highlight the repeated comments; which is encountered during the review.

Details to Register for the Workshop:

1. This is a free workshop for all Consultants registered with DDA.
2. Targeted attendees: Structural Design Engineers
3. Please Register your company [by clicking here](#) and submit any technical queries which needs to be addressed during the workshop.

Note: RSVP by submitting the form prior to 15th April, 2019 to attend the workshop.

If you have any questions or wish to give feedback, please call Customer Care on tel: 800-4-DDA (332) or via email at: info@dda.gov.ae.
